

The EMGW Auction Nets a Tidy Sum

Vincent Valvo

December 8, 2018

A vigorous auction was held at the start of the December, 2018 Guild meeting. Two tables full of tools, jigs, books, and materials were offered by several members for auction. Scroll saws, dado blades, miter gauge, workshop old-time style radio, hand planer, hand jointer planer, even a CD of Christmas instrumental songs played with woodworking tools, and much more was sold. The guild netted just under \$700, which was one of the highest fundraisers for the guild.

Jim Tartaglia acted as auctioneer and set a good tone. Competitive bidding ensued for several items. Many items were sold at a discount but the guild was the big winner thanks to all those who offered items and those who bid on them.
